

8-STEP COMMITMENT TO PURITY ORGANIC MATTRESSES, INC.

We are committed to:

1. Purchasing third-party certified organic raw materials, right down to the thread.
2. Employing a sanitation process for raw materials that reduces contamination from mold, yeast and bacteria without chemical applications.
3. Maintaining a 100%-dedicated organic manufacturing facility using a “clean-room” concept of cleanliness.
4. Testing our finished products quarterly for phthalates, aldehydes, and VOC emissions.
5. Sourcing our raw materials in the United States to support American farmers, workers, and industry, as well as to avoid any potential contamination from foreign-based impurities and fumigants that are applied to all imported materials.
6. Achieving zero production waste and using recycled packaging materials.
7. Ensuring that our facility continuously passes annual inspection for the Global Organic Textile Standard (GOTS), the worldwide standard for organic textiles.
8. Meeting all federal and state regulations to protect our retailers from legislative and consumer product liability, and maintaining proactive involvement with current and anticipated legislation that may influence our customers.
